

Healthcare

Squared's Health Industry Group is uniquely positioned to meet the challenges and opportunities of today's rapidly evolving health industry. Our lawyers have extensive expertise in providing seamless and integrated advice on all facets of a health industry client's complex and specialized needs.

Our group draws on the talents of seasoned professionals who are regarded as leaders across a broad range of legal disciplines including health law, charities and trusts, competition law, construction and infrastructure, corporate governance, banking and financial services, intellectual property, labour and employment, litigation, pensions and benefits, privacy, taxation and technology.

We advise public and private health industry providers, institutions, private businesses, agencies, health professionals and associations on every aspect of the public and private health industry sectors. Our Health Industry Group practitioners act for hospitals, long-term care facilities, independent healthcare facilities, private clinics, health professionals, family health teams and health-related professional associations. We also represent pharmaceutical, biotechnology, life sciences, veterinary, drug, natural health products, food and medical device manufacturers on a variety of health industry issues
